"I have come away feeling very prepared and confident at conducting hypnosis. You have obviously done your job at conveying the information that I feel this way. Thank you.

"SBHTC was the best experience I have had all my life. I felt the instructors truly involved with the welfare of the students. They explained everything in the simplest form and they made time for everyone of us and our questions. I feel truly well trained and confident now that 'm starting with my own clients. I spent a year researching different hypnosis schools and they didn't convince me, until I saw SBHTC and was convinced as soon as I finished reading their webpage. It was the best decision I have made in my life and am truly thankful for their inspired teachings and for being there for me even now that my two-week course has been over for some months! It was purely great."
